**DETAILED ACTION**

*Allowable Subject Matter*

Claims 1, 2, 4-7, 10-12, 15, 16, 18-25 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art taken either singularity or in combination fails to anticipate or fairly suggest the limitations of the defendant claim, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim 1, with the allowable feature being the plurality of elements are respectively provided with piezoelectric element where the polarities of the electric fields of which are alternately different from each other. Therefore claims 1, 2, 4-7, 10-12, 15, 16, 18-25 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
